

MEDICAL SERVICES ACKNOWLEDGMENT FORM

Pecos Valley Public Services is a locally based, not-for-profit 501(c)(3) volunteer organization. We are a State of New Mexico licensed Community EMS agency, providing wilderness rescue, medical services, and medical training across Chaves County and the surrounding areas.

We appreciate your request for medical support services and are pleased to assist with your upcoming event. However, please be aware of the following important limitations:

Service Limitations: While we offer our services at no charge, we do not provide patient transport to medical facilities. If advanced medical care is required, we will contact a licensed EMS agency authorized to transport and transfer care to them. Any associated costs may be the responsibility of the patient or their insurance provider.

Staffing Requirements: We guarantee the presence of at least one licensed and insured EMT, certified by the State of New Mexico, at your event. However, this does not guarantee compliance with any legal, regulatory, or insurance-related requirements your organization may be subject to. It is the event organizer's sole responsibility to ensure all applicable obligations are met.

Limitations of Coverage: Although we make every effort to monitor the event and respond to emergencies, we cannot guarantee detection of all medical incidents. We are not liable for events or conditions that occur outside of our immediate awareness. To improve communication, we can provide handheld radios to your staff upon request.

By offering these services, our goal is to enhance the safety of your event while fostering a spirit of shared responsibility.
